Dean,

I'm writing to see if you were able to get an answer to the question whether fatally pended voters whose applications could not be processed because they forgot to sign it will be able to remedy this at the poll.

From what I remember from our conversation, you are sure at this point that any other problem with the application can be remedied at the poll, provided they submitted their application by the deadline.

Let me know what you find out,
Thank you so much for your help,
