Precinct 37-1629

Name of Polling Place Russell Tree Meeting Church
Poll Center Number _____
(from AccuVote tape)

Ballot Accountability Sheet

How many ballot codes are in this precinct? _____
Each ballot code has an equivalent Chinese ballot code. Identify the Chinese ballot codes with the letter "C" before the number, for example C01, C02, C03, etc. List all the ballot codes, the beginning ballot stub numbers and ending ballot stub numbers for both the English and Chinese ballots in the table below.

(***Tip:*** hi-lite, underline, or circle different ballot codes in pollbooks to assure that the correct ballot is issued.)

Ballot Code	Beginning Ballot Stub Number	After the Polls Close Ending Ballot Stub Number (Top Unused Ballot)	Number of Ballots Issued
11	1	128	127

Total number of ballots used 127 127
Subtract Spoiled Ballots, if any 7

Total number of valid ballots issued to voters A 102 120

Subtract Provisional Ballots, if any 14
Subtract Challenged Ballots, if any 0

From AccuVote tape Number of ballots cast C 102

Number of regular ballots issued B 104

(Numbers for B and C should be equal.)

If there are any discrepancies, please explain: Two people went up with ballots.
