## Pelosi in Town to Check on Her Protégé

*In addition to keeping silent on the issues, Burner keeps mum on Pelosi visit*

**Mercer Island, WA** – Darcy Burner has been very quiet about House Minority Leader Nancy Pelosi's visit to the Eighth District this Friday.

"Darcy Burner has been hiding behind the Bushes, remaining largely silent about her position on the issues that matter to the Eighth District, preferring to attack Dave Reichert and offer meaningless bromides about 'fairness' rather than substance," said Kimberly Cadena, Reichert's campaign spokesperson. "Now Darcy is trying to hide the fact that San Francisco's Nancy Pelosi is coming to town to raise money for her. We know that Darcy Burner would vote for Pelosi for Speaker of the House. Voters deserve to know how much of a rubber stamp Darcy Burner would be for Nancy Pelosi's agenda to weaken homeland security and to take away the tools we need to fight terrorism and to keep Americans safe."

Darcy owes it to voters to say if she disagrees with these votes that House Minority Leader Nancy Pelosi has taken:

- ~~Voted against all three middle class tax cuts~~ Darcy agrees with Pelosi<sup>1</sup>
- ~~Voted against eliminating the death tax~~ Darcy agrees with Pelosi<sup>2</sup>
- Voted against resolutions that proposed a balanced budget amendment
- ~~Voted to raise the Social Security tax~~ Darcy agrees with Pelosi<sup>3</sup>
- ~~Voted against establishing military commissions to try enemy combatants~~ Darcy agrees with Pelosi<sup>4</sup>
- Voted to weaken the ability of any current or future president to establish terrorist surveillance in the event of an imminent attack on the United States.
